## Activities- 2014-2015:

### 1. Community Mobilization:

Helping communities to take part effectively in development work is utmost priority focus of VIKASANA. A greater effort continued to organize the unorganized people, in figure **148** Self-Help Groups are functioning in all working blocks and continued facilitation to do regular savings, loan facility for income generation programs, easy-repayment, financial stability and linkage with local banks. Similarly, **92** community organizations such as farmer's groups, village development committee, village planning committee, village watershed committee and watershed development committee have been formed. They all actively functioning in project villages and standing for collective action, information dissemination and common benefit under the single crown.

"People participation"

"Community Mobilization"

### 2. Poor Children Education Programme

To promote and sustain the education standard of poor children, VIKASANA running children education center, awareness programmes, school partnership program and fellowship program which have been implemented as per the pedagogic methodology through which need of the education for the needy children has been activated. A priority continued to provide support to children education with a special focus on rehabilitation of children who had educational gap due to worked as child labour, school drop outs, domestic worker, street children, orphan, single parent and children from marginalized and poor families.

#### a) Children center- Chattanahalli (Anna Schmidt School partnership programme):

"Group studies"

"Chattanahalli children team"

There are **19** children from 16 backward villages have been supported for their education continuation through rehabilitation with the support of **Anna Schmidt School, Frankfurt through KKS, Germany**. The primary objective of this program means to develop inter cultural exchanges, sharing of ideas, interactions

of the children and motivation towards education in Germany and India. Children were made access to shelter, nutritional food, reading, learning materials, teaching aids and even playing materials. Commence of quality aspects, efforts to adopt child protection policy, regular monitoring systems have been resulted in improvements, modification, and supported to create friendly environment at the centres that diversified additional contribution to make this programme success and reach the expected outcomes.

**b) Bridge school Galihalli (KKS):**

“Learning with team”

“Face painting day”

In order to provide support to 16 old girl children from 14 backward villages who received help to ensure regular attendance in formal school staying in Galihalli centre which is one more bridge school attached to chattanahalli HRD centre. Here a family environment experienced by all the children and they all passed to next standards. It was made more meaningful through an access to learning assistance, education materials, nutritious food, recreational activities, practice of improved systems and quality in all implementation initiatives concluded with children overall development.

**c) Child Sponsorship Programme:**

Two girl children from the most backward families received educational assistance under the child sponsorship programme supported by Karl Kubel Stiftung, Germany and individual donors from Germany. Ms.Shruthi Bai, completed her GNM Nursing in Davangere, working in RAJ NURSING HOME tarikere and earning independently. Ms.Shilpa is eagerly looking towards to complete her BACHELORS is ENGINEERING and start earning. The program included support for study materials, food, clothing and the school fees, to the students for their academic needs. They sheltered in a government hostel and attended regular classes of their respective college. The overall developments of children are monitored, counselling, motivation, ethical support, care and protective resolutions have been initiated by the organization.

“Ms.Shruthi Bai, Sponsor child”

“Ms.Shilpa, Sponsor child”

### 3. Bridge school Duglapura (Asha for Education):

“Evening coaching classes”

“Duglapura children team”

Another children rehabilitation bridge school is running by VIKASANA in Duglapura village which is 13km distance from Tarikere block with the support by ASHA for Education, Seattle. It was given importance to nurture systematic daily routine, progressive activities, systems and qualities in implementation of relevant measures aiming at overall well being of 20 children studying in this centre.

### 4. Construction of Orphanage building (PPI), Seattle):

“Inauguration by Mr.Shimoga Srinath, PPI Seattle, WA”

“Children team at orphanage building”

To improve the accommodation facilities for girl children studying in Duglapura centre, we mobilized part of the support from People for Progress in India (PPI) agency from Seattle and VIKASANA sources; under this support, we constructed 04 rooms for staying of girl children in Duglapura centre. This has improved infrastructure facilities in this centre. Now children got more space and privacy to enjoy their study life. This building was inaugurated by Mr.S.K.Srinath, PPI, Seattle, WA and all together 160 representation such as M.Nagaraj, Secretary, VIKASANA, Mr.Narendra, Ex municipal president/youth leader, Mr.Sam Chelladurai, READ Center, Mr.A.M.Varghees Cleatas, Director, VIKASANA, Anganwadi teachers, Panchayath members, PDO, Duglapura and Bridge school children were part of this event.

### 5. Education programme for underprivileged children (SMILE FOUNDATION)

SMILE FOUNDATION, Bangalore is supporting to VIKASANA to improve the education programme for underprivileged children learning in Duglapura bridge school centre. Under this support, the electrification, plumbing work, playing materials, cooking materials, sleeping materials, solar water heater, solar lighting, Chairs and tables were happily made accessed by 20 children studying in this centre. This was not only improved the basic facilities for children but also ensured their comfortable stay for the happy study.

“Sitting chair in the playground”

“Supported by SMILE FOUNDATION”

## 6. Women empowerment:

VIKASANA given a priority on maximum women participation in periodic trainings/awareness generation programmes on different topics connected to women such as self help concept, leadership qualities, gender development, women rights and empowerment. We strived hard to strengthen the voice of women who belongs to SC, ST and Minorities, neglected, marginalized and victim of domestic violence. In this year, **08** Gender workshops, **12** SUGRAMA federation meetings, and **04** Legal Aid services received by women community in 09 working blocks. As a result women are strong in the society, collectively bargained at the fair price shop, anganawadi food, mid day meals and community action for better reforms at the village level. 04 Illegal alcohol selling shops were closed during the year. Women were made aware of the various Government programmes like; SGSY, small savings and women rights and reservations, and credit management.

“Making rural women empower”

“Women’s participation in all programs”

### a. Domestic women violence cell:

VIKASANA is continuously functioning as a member of **Domestic women violence cell** chosen from district commissioner, Chikmagalur with a view to the utmost welfare of abused women from domestic as a daughter, sister, wife, mother, or a partner in her lifetime. As part of the membership, organization publicized information about domestic violence and catering services to most common violence pointed against women, which in the form of physical, emotional, sexual, economic, and verbal and etc. 02 Women who were victim of domestic violence were rescued and rehabilitated through women and child department.

### b. Formation of Self Help Groups:

To enlist women participation in to self servicing groups, 31 new women Self Help Groups (SHGs) were entered in our working area during the year. They are all functioning independently with the savings management. An optimized solution was found to the benefit of women community. Besides, capacity building and strengthening services rendered to almost **152** formed SHGs in 43 villages who pool their

thrift regularly and use the thrift to make small interest bearing loans to members, and in the process learn the nuances of financial discipline. Credits made people to receive additional money from adopted income generating programmes like Dairy, Goat /Sheep rearing, starting of self employment and even for family needs like marriages, and festival celebrations. Several groups were registered and obtained financial assistance from the Banks and Government institutions with the cooperation of NABARD, Lead Bank, Sanga mitra finance and Local Banks. Initiatives invited to make these groups as permanent existence in project villages for further development, sustainability of the project activities and collective action.

“Self Help Group Meetings”

“Interaction at SHG meetings”

**The total progresses of SHG upto March 2015:**

No. of Villages	No. of SHGs	Total members	Total savings (Rs. in Lakh)	Total Credit given (Rs. in Lakh)	SHGs Linkage with ICICI Bank (Rs. in Lakh)
48	83	1522	04.00	07.23	19.00

**c. Micro finance through SANGAMITRA FINANCE:**

We continued our association with SANGAMITRA FINANCE; mobilized linkage services to SHGs taking consideration of further development. 07 SHGs in 27 villages of Kadur blocks were received total INR.17,50,000.00 as loan and invested for children education, house construction, toilet construction, income generation means, horticulture development, fruit crops, agriculture and economical improvement activities. 100% repayment of the old loan done and newly INR.14,50,000.00 was issued to 13 SHGs in this academic year. Financial situation of local women members have been improved day by day.

**d. IGP & Entrepreneurship development:**

“Poultry management”

“Dairy management”

The organisation introduced income generation activities and entrepreneurship management as a primary base to sustain the living condition of **1130** low income families living in 30 villages of drought prone

regions and 26 villages in Koppa and Sringeri. These self employment initiatives improved the financial conditions of target families' thereby reduced seasonal migration. Training and capacity building program on income generation programme, entrepreneurship development, book keeping, account maintenance and strengthening leadership skills provided to the people. The intrusion provided additional income to rural families and relieved them from the clutches of local money lenders. Average additional family income was recorded between INR.800 to INR.1200 per income generating programme for each family.

**Status of income generation programme initiated:**

Income generation activity	No. of Beneficiaries
Dairy development (cow and buffalo)	25
Sheep/goat rearing	190
Chicken rearing (Poultry development)	800
Bee-keeping development	25
Fisheries development	02
Small business	20
Tailoring earning	18
Computer based job	25
Driving	19
Nursery management	02
Candle making	04
Piggery development	02

**7. “Strengthening Elected Women Representative Federations”**

With a view to strengthen the capacities and leadership abilities of Elected women representatives, VIKASANA implemented the project “Strengthening Elected Women Representative Federations” in 09 working blocks of 4 districts in Karnataka state with the support of The Hunger Project, Bangalore. The series of workshop, trainings and short meetings called and strengthened the voice of elected women representative in the radius of 129 Grampanchayaths from 09 working blocks of Chikmagalur, Shimoga, Hassan and Davangere districts.

“Women capacity building program”

“Awareness Jatha Campaign”

**Achievements:**

Total sanitation programme	Grampanchyath (Kadur, Koppa and Sringeri)	368 Toilet constructed
Indira ahwas yojane	Grampanchyath	130 houses constructed
Ganga Kalyan Yojane	Zilla panchayath	10 Bore wells established
Alternative energy	SELCO solar agency, Shimoga	Subsidy for 20 solar units
Mobile Vermi compost	Agriculture department (Tarikere and N.R.Pura)	120 Vermi compost units established
Fodder seeds distribution	Veterinary department (Tarikere and N.R.Pura)	Fodder seeds 500 kg (16 farmers)
Promotion of rural employment	Social welfare dept	8 Tailoring machine
Linkage to govt schemes	Revenue dept	65 Beneficiaries (Old age pension and widow pension)
Linkages to loans	Sanga Mitra financial institution	Loan for 14 SHGs (28 lakh)
MGNREGA	Gram panchayth	Distribution of 4500 forest plants
Bio-digester units	Grampanchayath Tarikere and N.R.Pura	Implementation of 15 units for 15 farmers
Bio-fertilizer units	Grampanchayath Tarikere and N.R.Pura	60 Units supported to 60 farmers

### 15. Promotion of Herbal Medicines

We are still continued our efforts to encourage the practices of traditional/herbal medicines to control dependency on high cost English medicines. Awareness generation, exhibition on herbal medicine, identification of local Nativaidyas and medicinal services were the major activities benefited to 640 people from 18 backward villages. Still the rural nativaidyas have rendered services to large number of people who victim of disease either from cough, cold, gastric and many others. Besides, a herbal garden development and maintenance as well as conservation of medicinal plants were other key focal areas focused.

### Achievements:

- 06 trainings were called in the project villages on preparing and applying traditional medicine, evidence was given to take care on treatment and observe regularly
- 03 Herbal medicine exhibitions organized and 290 beneficiaries such as SHGs member and traditional practitioner have clearly understand herbal medicine for various diseases
- 16 Representatives from different organization have updated their knowledge on preparation of herbal medicines followed by a course training and engaged with experimenting learns from training
- Information provided not only medicines for human diseases but also to livestock
- VIKASANA has brought a hand book on herbal medicine with content of information regarding practice of Herbal medicines.

"Demonstration trng on herbal medicine"

"Distribution of herbal medicine plants"

### 16. Tree plantation programme for reduction carbon emission

VIKASANA working in 03 villages of Duglapura cluster with the support of PPI, Seattle, WA, with the concrete aim of reduce the generation of CARBON EMISSION through action of promoting tree plantation, 658 Rural poor in project villages have understood the importance of environment protection and contributed their cooperation in successful implementation and monitoring of this programme.

"Tree plantation for green environment"

"Care and protection of plants"

### Key Milestones:

- Active community participation and involvement
- 08 SHGs are functioning actively, having own bank account number and engaged with savings and thrift activities
- 03 TGCs are in effect in project villages and better discharging of role and responsibilities decentralized among its members
- People knowledge on need of tree plantation, effects of carbon generation, resilient the global warming, plantation, after care, watering and protection methodologies improved

- One herbal garden cum nursery unit established in project villages compressed 10 varieties
- 3880 Forestry plants are in project villages with 92.14% of survival rate
- 3305 Horticulture plants are in project villages with 93% of survival rate
- 110 Tree plants with protection through tree gurads given new look to village roads
- 07 SHGs linked to Sanga Mitra Micro Finance and mobilized Rs.7,20,000.00 which used to meet loan requirements

### 17. National Environment Awareness campaign (NEAC)

"Inaguration-NEAC campaign"

"Jatha for bio-diversity conservation"

As like every year, our application for National Environment Awareness Campaign considered and approved by Karnataka Vignyana Parishat, Bangalore. The programme implemented in Station Duglapura village of Tarikere block, Chikmaglaur district. The primary objective of this programme was to promote bio-diversity conservation followed by awareness and action component. Awareness has been successfully generated among 154 beneficiaries of Duglapura village. As a result, people promised to practicing systems towards managing forest, environment protection, planting trees and conserve medicinal plants. School teachers and children have come forwarded for environment protection. 100 different plants (silver, teak, honge and neem) have been planted. Besides a follow up taken towards sustain of plantations there by reminding community about need of bio-diversity conservation.

### 18. Watershed Development Programme:

#### a. Begur watershed program FIP Phase (NABARD):

"Formation of earthen bunds"

"Production of bio-fertilizers for crops"

VIKASANA implemented the Full implementation phase in Begur village with the support of NABARD Bangalore. This project helped farmers to experience the sustainable benefits in dry land followed by management of water and soil for improved yield productivity, the project implemented in Begur, Muguli, Gadihalli, Mylanahalli and Guddadahalli village of Tarikere taluk that benefited to 370 families. The activities such as capacity building training, exposures, sharing experience, motivation meetings, placement

of earthen bunds, farm ponds were invited to strengthen the watershed implementation effectively.

**Key milestones:**

- CBP phase completed successfully in 110.75 ha of land and FIP done in 576.26 Ha
- 01 watershed development committee formed, registered and contributing their cooperation
- 13 SHGs are functioning proactively
- 21 Training course facilitated to build people capacity in soil and water conservation and community development intervention
- 42,915.59 Cubic meters of earthen bunds covered while 418 waste weirs and 17 farm ponds in place to conserve water soil and water resource

**20. Savayava Bhagya Yojane (Agri dept.):**

“Inauguration of Savayava Bhagya Yojane”

“Preparation of Jeevamrutha”

With the success of Organic Village/Site Programme, the department of agriculture has been decided and extended the implementation of Savaya Bhagya Yojane at Hobli level by VIKASANA in Gubbiga village of N.R.Taluk and Muguli, Anuvanahalli, K.Gollarahalli, Kesarukoppa and Chikkathuru/Yalugere village of Tarikere taluk of Chikmagalur district. 618 Backward families fallen under 600 Ha of land chosen for the implementation of Savayava Bhagya Yojane. Awareness generation, training and capacity building, promotion of vermin compost, pest and disease management, crop management, livelihood security and organic certifications are the main activities transformed the villages.

**Milestones:**

- 60 Training programmes contributed to spread the message of sustainable agriculture, soil and water conservation, crop management systems, pest management and organic certification

- 125 Vermi compost and 64 japan model compost have fulfilled the compost suffering
- 13 bio-digester, 90 cow urine pits and 60 cement tank construction for jeevamrutha are strengthened the systems to tackle crop disease and pest management
- 89 azola units are in place and increased availability of fodder
- 30 quintal green manure seeds distributed
- 618 organic farmers land reviewed for certification and now they are in convergence process

## 21. Support from BEFC, Bangalore:

“Donation of school bags”

BEFC] are in touch with VIKASANA to develop and upgrade the activities of children bridge school at Chattanahalli. To meet the learning from audio and video visual, a projector and presentation screen was donated by BEFC in this year. Children were very happily using all these device for most of their learning. Learning materials, school materials, fun and games compact discs every year contributed to children. During this year 40 school bags and 40 pair uniforms were distributed to chattanahali bridge school children during the visit of Mr.Kumar & Family, Dr.Gajanana from BEFC, Bangalore.

## 22. Promotion of handicrafts design and development

In order to ensure promotion and development of disappearing traditional handicrafts in rural villages aiming at the benefit of needy artisans community; VIKASANA is implementing a **AHVV and Non AHVV Schemes** in Chikmagalur district, Karnataka with the grant support from **office of development commissioner (Handicrafts), Mangalore**. Formation of 14 artisans groups, baseline study of 229 artisan’s families, 02 design and technical development workshop for 30+30 artisans, large group discussion, development of identity cards for 90 artisans were completed so far.

“Inauguration of Design workshop”

“Bamboo Artisans at work”

## 23. Bridge Builder Programme (BBP)

Welt waerts coordinated “Bridge Builder Programme hosted by VIKASANA since past six years, **Ms.Julia Andrea Kast and Ms.Alena Maika Jahns**, active volunteers from Germany were preferred to get broader insight on inter cultural exchanges, living life style, traditional practices and customs in India including rural development activities through a well scheduled volunteership over the period of seven months. The volunteers understood about children center, staffs, and organization programmes and rules orientation on Indian community before windows period. Later they independently engaged with multiple tasks as part the volunteership. They involved themselves to interaction with children and community, learning and teaching, government school visits, understanding about Indian traditional customs and cultural practices, festival celebration, extra curriculum activities, wall painting, anti-plastic campaign, promoted clothes bags,

develop social network sites, documentation programme reports were undertaken effectively which have been positively impacted on children as well as volunteers.

“Children with BBP Volunteers-Germany”

“Filed visit by BBP volunteers-Germany”

**24. Other Activities of the Organization:**

**a. Awareness on social evils:**

The society of India is one of the oldest societies. It has got its own customs and traditions. Some of them are very old. They do not suit the present times. Times go on changing. We must also change our customs and traditions to keep pace with the times. Against this VIKASANA has organized 03 training programmes on various social evils such as gender discrimination, child marriage, dowry, illiteracy and many others. About 125 people from SHGs, federation, local institutions and villagers were participated and upgraded their knowledge.

**b. World TB day celebration**

World Tuberculosis Day, falling on March 24 each

“World TB day celebration”

year, is designed to build public awareness about the global epidemic of Tuberculosis and efforts to eliminate the disease. With a view to spread the message among the community, a world Tuberculosis day has been called in Hanumanthapura village, Kadur taluk with the support of CHAI, Secunderabad on 24th March 2015 wherein 200 Members from SHGs, federation, Asha worker, Health Inspector, school teachers, Grampanchayth (President, PDO) SUGRAMA member, DTO, Chikmagalur, PHC doctors, youths and local villagers were actively participated and strengthened the event.

**c. Programme on Female Infanticides**

The organisation continued to address these issues through the Gender based activities, opposing abortion of female infanticide issues as separate activities. 08 training program have organized on female infanticide. The organization other activities are like counselling and interacting with family members, convincing them on female infanticides. While training and counselling, people have been sensitized on 335 act of female infanticides and other law and related subjects.

**d. Press meets:**

Just to keep up good rapport with media and journalist, organization called press meet for various issues such as panchayath raj institution, 50% women reservation, sarojini naidu prize and food security issues.

These have organized in Tarikere, kadur, belur and chikmagalur. A team of journals have motivated to keep them highlighting articles and issues on social concerns, as a result organization having good rapport with media.

**e. Sensitization programme on Disabilities**

Persons with different physical disabilities like mental retarded families, blinds, Polio affected people, dumb and Deaf etc have identified and undergone 02 one-day sensitization programme for the disable people and provided information and guidance on government schemes for their welfare. In this one-day orientation 125 people were participated and benefited. Additionally a support given to get sanction 09 bus pass, 15 handicap pension, 25 widow pension for disables and rural poor.

**f. Karl Kubel Trophy 2014-A children camp:**

KKID, Coimbatore has arranged Karal Kubel Trophy

“Karl Kubel Trophy at KKID, Coimbatore”

KKID, Coimbatore has arranged Karal Kubel Trophy in December 2014. 10 children from VIKASANA bridge school centre were participated in the trophy and competed in events such as running, speed walk, potato race, wealth from waste, skipping, filling water, musical chair, solo/duet song, solo/duet dance. Their talent appreciated followed by prizes and certificates. After continuous efforts since past 3 years, this year our children won Karl Kubel Rolling Shield of the year 2013. Through this competition they have improved their competency, which is very much helpful to their future carries.

**g. Staff capacity building training and resources from KKID:**

Karl Kübel Institute for Development Education {KKID}, Coimbatore, Tamil Nadu, a training institute is facilitates to strengthen NGOs and nourish human resources for development of individuals for life. In assistance with KKID, staff members of VIKASANA have undergone many training programme by which upgraded their knowledge which contributing towards organization and individual development.

**Details of trainings attended at KKID**

Karl Kubel Trophy
Counselling training
Finance management training
How to accompany weltwaerts volunteers
Impact oriented monitoring workshop
Food and Nutrition Security Workshop

**h. REDP training programme**

VIKASANA conducted 05 trainings in Tarikere, Gulladamane, Hosahalli, Doranal and Kadur block on entrepreneurship development, income generation activities, marketing and finance management. In this program SHG strengthening, bank linkage, market identification, book keeping and account maintenance and sustainable self employment are focused. **438** women beneficiaries are participated in this program and benefited.

**i. Networking of NGOs**

VIKASANA is in the forefront of networking of NGOs in the state. The networking with RRC, VHAK, and Jaivika Krishi Society. VIKASANA has made the organization familiar with the networking system. It has been leading several small NGOs and networks in and around Chikamagalur district. It has its added credibility of being one of active and supportive NGO in Campaign Against Child Labour – Karnataka (CACL–

K), CACT, Voluntary Health Association – Karnataka (VHAK), Credibility Alliance and FEVORD-K. It has also hosted few major state and district events that were aimed at bringing as many as NGOs and individuals to strengthen the movement of grassroots development activities.

VIKASANA has been instrumental in taking up Campaigns and networking on Child Labour in the district and the state, had taken up cases against child labour in Chikamagalur district. The organization is extending its support for the change in the policy to care for the weaker sections of the society and joining hands with the government in the development process. On several occasion the organization had taken strong decisions against some of locally instigated mischief by the vested interests. It is evident from the statement of local community that VIKASANA had to face challenges to the welfare of the women and downtrodden and convinced the people and the society that the organization is going in the right direction of development process.

#### Case study: “Education is the priority”

Today we can see the happiest face of Bhavana.B.M at K.L.K pre-university college at Birur. She is studying her first year P.U.C with Arts specialization. Mr.Manjunath, K.Gollarahalli, Kudlur is her father who got two wife and two daughter. Due to economical suffering a migration to coffee plantation in search of work was the main source of income to lead their families.

Ms.Bhavana had to admitted to VIKASANA children rehabilitation center due to non availability of any person to look after her when parents were at work in coffee plantation. VIKASANA was found her as a helping hand from which she enrolled to the children rehabilitation center started studying 7<sup>th</sup> standard. She studied her high schools in Sri Jayaprakash Narayana school, Bettadahalli. She completed her SSLC in the year 2015 with first class marks (334 out of 625 Total marks). She is not only interested in only studies but also enough active in sports and cultural activities. She has dream to complete higher studies and look after her family.

#### Case study: Use of Solar Lamps

Another Varalakshmi SHG member is Honamma, 52 years, from Kothigere village. VIKASANA helped her to install **solar light** in her home. As Honamma is housewife, she is now very happy to have light when there is as so often in this rural village power cut. Now she can prepare food in the night without any problems and her two children used the light for studying late.

### Case study: Importance of vermin compost for organic farming

Manjula, 34 years, is one of the beneficiary from S.D. Koppalu village. Together with her husband Prakash she owns two acres of land. To improve their agriculture work VIKASANA helped them to start one **Vermi Compost**. Instead of chemical fertilizer it is now enough to put the more nutritious to soil from the compost on their fields. Since the beginning of 2012 they are produced compost out of this unit for every three months. Cost investment on purchase of chemical fertilizer and its transportation risk is fully avoided.
