Message from the Chairman Desk

VIKASANA is a non-profit entity established in the year 1988-89 focusing on community development activities in five villages of Amruthapura Village of Tarikere Block. Today it has extended its territory of working area to two districts in Karnataka. Over the years Vikasana has been working under various community development programs such as – Children rehabilitation through bridge school programme by ensuring basic education, shelter, and overall healthy development and sustainability of these children; Safeguard child rights by creating knowledge and awareness among rural communities; Empowering the rural women through formation of SHGs and federations and encouraging savings and linking with micro-finance, Strengthening and empowering the Elected women representatives; Empowering and strengthening the tribal communities ensuring sustainability through formation of farmer Producer Companies and income generation activities, skill development and income generation activities with the support of NABARD of seven long years; Organising and strengthening the rural youth with various skill development programs/trainings.

In addition to these activities Vikasana has shown its keen focus on community health sanitation, food security, nutritional enhancement, safe drinking water through promotion of bio-sand water technology, promotion of herbal medicine and strengthening of traditional rural doctors, creating awareness and knowledge about various diseases like Malaria, dengue, COVID -19, Personal Hygiene, and various contagious diseases. Apart from these Vikasana has been working for clean environment by promoting sustainable and organic agricultural practices, resource conservation, watershed development, natural resource management, drought relief measures, bio diversity conservation, carbon reduction, tree plantation, promotion and plantation of medicinal plants, and ground water management programme.

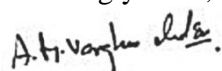

Vikasana has never stepped back from its service to the needy community even during the recent medical emergency due to COVID-19, the organisation and the entire team kept working and ensuring the service to the most underprivileged communities. From past two years Vikasana has support to more than 4500 small & marginal families and COVID survivals during this pandemic situation by distributing Food and Nutrition Kits, Masks, Sanitizers and creating awareness among rural communities. Distribution of food and nutrition kit to individual families has helped in feeding them three meals for maximum 15 to 20 days.

Furthermore, Organisation is maintaining good rapport with various stakeholders, government departments like Women and Child Welfare, Labour, Handicraft, Department of Empowerment of differently abled and senior citizen, KVK (Agriculture University) and Agriculture departments.

In the upcoming years Vikasana aims on collaboration with Women & Child Welfare Department focusing towards child welfare, women empowerment, fight against domestic violence and child marriage, ensuring skill development programmes for vulnerable women, youth and children. In addition to this Vikasana also aims towards extending its services to natural resource management, disaster management.

We take this opportunity to extend our sincere gratitude to all board members, supporting agencies like KKS Germany, THP New Delhi, Asha for Education, Seattle, NABARAD Karnataka, BEFC Bangalore, Selco Solar, Shivamogga, Sangamithra Micro Finance, and all our local donors and well wishers for all your constant support and cooperation from past 34 years to help the needy society. We are expecting your more support and cooperation in future for this noble wok.

Thanking you all,

Mr. A M Varghees Cleatas

Chairman, VIKASANA

Cell: 09448224872

VIKASANA ORGANISATION

“Mission Statement”

VIKASANA exists to facilitate empowering of the poor in the process of social development through sustainable improvement in the livelihoods and socio-economic status and self-reliance of the under-privileged sections of society.

“Vision Statement”

VIKASANA envisions holistic development through maximum integration of all activities in order to ensure progress among the rural and urban poor community.

Institutional Objectives

- Pay special attention to the needs and aspirations of the socially and economically marginalized, SC/ST, tribal communities and other weaker segments of society, physically and mentally handicapped persons, orphans and destitute with due focus on women and children.
- Organize rural poor, tribal community and urban under-privileged women into groups and set up Self-Help Groups for their socio-economic development, livelihood support and empowerment
- Improve the Health & Nutritional status of women and children by conducting awareness and service programmes in the areas of health, hygiene, HIV/AIDS control & prevention, nutrition, small family norms, sanitation, etc.
- Evolve Programmes for education at primary levels and Non-formal Education for school dropouts, working children, adolescent girls and adults.
- Eliminate Child Labour and Rehabilitate the children.
- Provide Vocational Training to increase employment opportunities for the youth, adolescent girls and women and promote Income Generating Programmes (IGP).
- Create Environmental Awareness, protection of bio-diversity and undertake environment improvement activities
- Evolve methods to reach large number of people with disabilities to ensure equal opportunities, equity and social justice for the disabled community and the aged.
- Build linkages between people’s institutions (CBOs and Federations) Government and other NGO networks.

Brief Note:

VIKASANA, a **non-profit** entity established in 1988-89 and working under various community development programs such as children rehabilitation through bridge school program, safeguard child rights, women empowerment through SHGs and micro-finance, panchayathi raj strengthening, skill development programs for youths and promotion of handicrafts. In addition community health and sanitation, bio-sand water technology, food security and nutritional enhancement, promotion of herbal medicine, organic agriculture, resource conservation, watershed development, natural resource management, drought relief measures, bio-diversity conservation, carbon reduction and ground water management program are taking up for the development of needy and downtrodden community. Furthermore, Organization is maintaining good-rapport with various stakeholders, government departments like women & child, labour and Agriculture department. Most of the activities of the organisation are implemented in the respective communities and are running effectively. Presently the main focus is done towards sustainability of all activities like SHGs, Federations, WDC and targeted community activities.

- c. Financial Support by BEFC, Bengaluru
- d. Food grains support by MCKS Food for the Hungry Foundation Karnataka , Bengaluru
- e. Staff Capacity Building training through webinar, KKID Coimbatore
- f. Networking of NGOs

Programmes 2021-2022

1. Poor/Dropout Children Education Programme:

VIKASANA is working with underprivileged, dropout and orphan children education programme from past 29 years and has been engaged in providing holistic development of children and supporting them with free education at our centers. The children education program has been implemented according to the pedagogic methodology through which need of the education for the needy children has been activated. An importance is given to provide support to children education with a special focus on rehabilitation of children who had educational gap due to various reasons like working as child labour, school drop outs, domestic worker, street children, orphan, single parent, migration and children from marginalized and poor families.

Due to the pandemic situation school were shut early and the academic year started very late. During this pandemic situation our teachers and counsellor of children center organised regular online classes, online assignments, tele-counselling, regular monitoring and follow up over phone calls about the safety and security of our children. Apart from these teachers and counsellors had also organised academic classes and counselling sessions for the children during regular home visit. All these initiatives was undertaken to keep our children connected with their academic course and support them mentally during this pandemic.

a) Children Center – K. Chattanahalli (Anna Schmidt School partnership programme):

“Training on Basic Computer Knowledge”

In the academic year 2021-2022, thirty six girl children were accommodated and rehabilitated for their continued education at K. Chattanahalli children center with the support of **Karl Kübel Stiftung for Child and Family, Germany** and **Anna Schmidt School, Frankfurt, Germany**. These children were identified from 25 economically backward villages of Chikmagalur, Koppala and Shimoga district. The main objective of this programme is to provide a space for education, good environment for the holistic development of

the underprivileged children from rural communities.

The children at the center are provided with various services like free shelter, nutritional food, free education support from trained teachers, access to learning materials, teaching aids, computer training, exposure visit, playing materials, cultural exchange, and opportunity to learn and explore their talents and so on, for their inter personal development. With regard to the quality aspects at the center, we have adopted child friendly campus with child protection policy under regular monitoring systems to protect the child’s need, care and protection. All the facilities contribute towards the overall well being of the children. During the year all the children studied well and passed in their annual examination. This year one child cleared Moraji Examination and is studying at Dornal Morarji School. Two children cleared their Karnataka Secondary Board Examination and are joining for their higher education.

b) Bridge School Duglapura (Asha for Education):

This children center is started with a objective of providing free education to rural children through sustainable agriculture. The children center is support by **ASHA for Education, Seattle**. The center is ensuring educational support to 26 children who had educational gap due to various reasons and also children from economical poor backward families. An importance is also given to nurture systematic daily routine, educational progressive activities, extra & Co-curriculum initiatives, and additional skill based education like basic computer trainings aiming at overall development of the children. Apart from this there is small library which children can use to gain their knowledge. The institution has been ensuring the holistic development of the child with the child friendly approach.

“COVID Awareness and distribution of biscuits to children”

During the year 26 children were identified from 25 economically backward villages of Chikmagalur and Shimoga district. All the children were provided a space for education, good environment for the holistic development of the underprivileged children from rural communities. This year two children cleared Karnataka Secondary Board Examination with good score and both the children are now joined to ITI. This year one child cleared Moraji Examination and is studying at Koppa Morarji School.

c) Land development programme in Duglapura (Asha for Education, Seattle):

“Horticulture and Forestry Tree Plantation & Celebration of Environment Day”

The team of VIKASANA has been constantly working on the land development activities and effective utilization of land supported by **ASHA for Education, Seattle**. The land consist of 3.20 acres and was supported with the objective to run sustainable bridge school education at Duglapura for the most needy and backward children in rural region. This year we have received an average rainfall in the beginning of the monsoon which has helped in involving in agricultural land development activities. As a result of it we were able see some progressive

growth in the land development activities. The plantation of teak and silver plants has grown more vertical as well as horizontal. In addition to that we have newly planted areca nut for half acres, few more forestry plants like silver, teak, and gliricidia in the edges of land field. Whereas the horticulture plants such as banana, sapota, mango, neem and areca nut plants to nurture the nature. On the other hand, we cultivated vegetables like brinjal, cucumber, ladies finger, tomato, coriander, bottle gourd, herbs, beans and chilly. Through these land development activities we are generating income from vegetable cultivation, coconut plants, areca nut, tamarind plants and banana cultivation. During the year we earned land income of Rs. 1, 66,000.00, the Income earned from this land is utilized for the management of Bridge school expenses and management of land.

2. Sustainable resource Conservation Management and Improved Livelihood for Marginalized Indigenous Communities, KKS/BMZ Germany:

The project titled “Sustainable resource conservation management and improved livelihood for marginalized indigenous communities” was started in August 2021 and is successfully being implemented in 25 backward villages of Kadur block, Chikamagalur district with the financial support from **Karl Kübel Stiftung (KKS/BMZ) Germany**. Around 2795 Low income families are being benefiting from the project intervention.

“Free Community Health check up camp at Bislere”

Key milestones:

- Formed 31 women SHGs (461 members), 01 WDC (16 members) are functioning and standing for savings, social justice and collective action, credit linkage and access to various government schemes. Participating in the village development activities and have understood the importance of people participation in village development.
- 500 fruit bearing trees, 500 medicinal plants, 500 road side tree plantation, 650 agro forestry are planted and the survival rate is 80%. 310 acres of cultivated and barren land, protected against erosion and used sustainably through construction of 05 farm ponds and 15 water tanks. 10 days of tank desiltation programme has been successfully carried out.
- Promotion of climate smart agriculture –30 Vermi Compost, 25 Bio fertilizer, and 31 Azola units are established. 70 Small and marginal farmers benefited from agricultural equipments and food storage units distributed to 70 families. Vegetable cultivation is going on at 10 nutrition gardens and 03 wadi demo plots are well developing.
- IGP Activities and Micro entrepreneurship – 07 units of Dairy Development, 15 units of Sheep rearing, 01 Petty Shop, 20 tailoring machine and 26 units of poultry are increased the income of landless families.
- Promotion of hygiene and renewable energies in households –35 smokeless chulla and 19 Soak Pits are constructed. Installation of 90 units of solar system and 45 water filters are benefited to rural target community.
- 40 interested women have enhanced knowledge about traditional medicines and produce medical products from local medicinal plants. 01 Community free health camp conducted more than 350 persons received treatment and consultation. When necessary, linkage with local hospitals established.
- 01 free Animal Health check up camp organised successfully and around 220 cattle’s are freely treated and medicines are supplied at free of cost with collaboration of Government Veterinary Hospital.

3. COVID -19 relief activities - KKS Germany, PPI Seattle and Asha for Education, Seattle:

“Distribution of food kits for needy at Lakshmipura Village”

Vikasana has been working in 20 villages in Tarikere block and 25 villages in Kadur Block. During this pandemic situation and medical emergency, the entire country was shut down from middle of March 2020 till August 2021 which has affected mostly the migrant and daily labours. This has affected even our rural people for their livelihood, thus Vikasana team has taken initiatives in distributing food kits, mask, sanitizers, biscuit for children and also creating awareness

through distribution of posters. Vikasana has been extending its service during this medical emergency situation with the financial support from **Karl Kübel Stiftung Germany, People for Progress India Seattle, Asha for Education Seattle and various local donors** for the needy cause.

Impact of COVID relief activities in the community:

- Distributed 1700 Food Kits in 45 backward villages in Tarikere and Kadur Block. Around 1700 SHG’s Members, Handicapped, Migrant workers, Widow, Rural children, COVID Survivals and poor/aged, marginalized and vulnerable individuals were able to eat three meals a day for 15 to 20 days during this pandemic situation. 700 Nutrition kit was distributed to COVID survivals to boost their immunity and nutrition in their body.
- 35 Awareness programmes on various topics like COVID–19 preventive measures, personal hygiene, hand wash, use of mask, social distancing sanitizers, and taking vaccination. 1050 individuals are sensitized on the above mention topics and around 1900 individuals are benefited indirectly.
- 40 handouts/banners were displayed about COVID–19 preventive measures in public places. Apart from this 15 Awareness on COVID Vaccination programmes were organised with loud speakers and display materials through Jeep. Around 3750 individuals in 25 villages are sensitized on the above mention topics.
- 3600 reusable mask and 2800 Sanitizer were distributed to 2800 SHG’s Members, Handicapped, Migrant workers, Widow, Rural children, COVID Survivals and poor/aged, marginalized and vulnerable families, who had difficulties in spending on purchase of mask and sanitizers.
- 650 biscuit packs were distributed to children in rural communities as additional snacks to them.
- 5000 handbills, 2000 stickers are distributed to create awareness among people, more than 3500 people directly and indirectly benefited with the IEC Materials.

Details of COVID relief assistance rendered with the support of various donors (2021-22):

| Sl. No. | Details of Donor agency | Food Kit | Nutrition Kit | Mask | Sanitizer | Biscuits | Awareness Programme | IEC Materials (Display of Banners/ Flex, Handbills, Posters, Wall Stickers and Loudspeaker Awareness) | Target Beneficiaries | Total Number of Beneficiaries (Direct and Indirect) |
|--------------|------------------------------------|------------|---------------|-------------|-------------|------------|---------------------|---|---|---|
| 1 | KKS, Germany | 685 | 500 | 4800 | 3200 | 650 | 16 | 9035 | Children, Migrant Workers, Disabled, Widow, SHG Members, Underprivileged individuals (Aged) | 1500 Families |
| 2 | People for Progress India, Seattle | 80 | 50 | 300 | 300 | - | 5 | 960 | Migrant workers, Disabled, SHG members, Widow and COVID – 19 Survivals | 1500 Families |
| 3 | Asha for Education, Seattle | 150 | - | 1000 | 368 | - | 5 | 2510 | Children, Migrant workers, Disabled, SHG members, Widow and COVID – 19 Survivals | 1500 Families |
| Total | | 915 | 550 | 6100 | 3868 | 650 | 26 | 12505 | | 4500 |

4. Vaccination Drive in Karnataka, THP New Delhi:

The Project COVID-19 vaccination drive in Karnataka (13 PHCs in Tarikere, Ajjampur and Kadur blocks) of Chikamagalur district, Karnataka State India, this project started on 1st October 2021 and successfully completed on 31st March 2021. This intervention program has helped in vaccinating thousands of people in 147 remote / hard to reach areas in the selected 13 PHCs. This drive has been a great support system to the health department especially to mobilize, motivate and counselling the rural people towards

“Sensitization and Awareness on COVID vaccination at Arbala Gollarahatti Village”

vaccination, reaching to those villages where the health department could not reach out and support the health department in reaching out people at their door step. We have taken a small effort to explain about the vaccination drive programme effectively in 147 villages of 13 PHCs in three blocks of Chikamagalur with the financial support from **The Hunger Project New Delhi**.

Impact of COVID Vaccination Project:

- October 2021 to February 2022 Vikasana team along with PHC staff had organised and participated in total 884 camps in 13 PHCs of three blocks in Chikamagalur district. During these camps our team has successfully vaccinated 14040 people with first dose and 38302 people with second dose of COVID vaccination in 147 remote/hard to reach areas in 13 PHCs.
- Transportation Assistance – 183 days travel allowance was provided by Vikasana to organise Vaccination Camps, Supply of Vaccination from Taluk to PHC and PHC to Sub centers, Pick up and drop of people from remote area to vaccination center, mobile vaccination, pick and drop of PHC staff to the remote area on time, late night vaccination till 10pm.
- Out of 52342 people being vaccinated 90% i.e. 47108 people who were reluctant to take vaccination are been motivated, sensitized and mobilized by the intervention of Vikasana team.
- Organising Vaccination Camps from Vikasana – Out of 884 camps organised from Oct 2021 to Feb 2022 in 13 PHCs Vikasana team has independently initiated 578 camps in hard to reach areas and has taken the complete responsibility of the camp (arrival of vaccination, arrangements of transportation, mobilizing people, mobile camps, involving GP members, PDO and School Headmaster in community motivation). Remaining 306 camps were organised by PHC were our staff played major role in community mobilization and collective action.
- 20 Jatha/ Rally was organised in Village level by involving GP, Health Officers, School Headmaster & Teacher, school Children, Local leaders, Vikasana Vaccination Staff, Vikasana Director and State Level Vaccination THP Coordinators.
- As part of the Project 13 Tabs with latest features has been distributed to each PHCs to support easy data operation and to overcome the challenges of data entry.

5. Strengthening the Elected Women Representatives in Local Village Grama Panchayat (THP, New Delhi):

“Potential Leadership workshop at Esuru, Shikaripura Block Shimoga District”

With the support of The Hunger Project (THP)-New Delhi, VIKASANA is implementing the project titled “Strengthening the Political Leadership of Elected Women Representative [EWR] in Local Village Councils-Gram Panchayats so as to address the violence against women through the local governance framework” with covering 292 EWRs of 733 villages from 102 GPs, from Tarikere, Mudigere, Ajjampura & Kadur block of Chikmagalur district and Shikaripura & Bhadravathi

block from Shimoga district, with the financial support by **The Hunger Project New Delhi**. All these EWRs are not only effectively working in their respective panchayat but are also actively monitoring the standing committees. They also understood the role of GPs in preventing sexual harassment and importance for women gram saba. EWRs are in regularly connected with school, mid-day meals, SDMC committee issues, anganwadi, bala vikasa samithi, mothers meeting, adolescents, pregnant women, lactating mothers, ASHA workers, ANM and monitoring the effective work to be reached to right beneficiaries.

Key Milestones:

- 148 Jagaruk Manch Meeting held in 6 blocks with a participation of 2969 EWRs and 18 Need based Workshop was organised for 301 EWRs to explain and understand their roles and responsibilities as a leader in village development activities, updating them about changes in polices and govt schemes, discussed about local problems and development work through gram panchayath.
- 13 EWRs mentorship dialogue meeting organised for 300 members to have interaction with old EWRs and their experience of working in GP /Village development, hearing form the experienced leaders about challenges and ways of solution.
- 10 Federation meeting at Cluster level with participation of 631 EWRs these meetings are organised to introduce about the SUGRAM and its mode of functioning and understating the importance of federation for collective action in policy changing.
- Mobile Tracking Programme - Development of GP Profile (100 GP Completed), Development of Foot prints of EWRs (interviewed selected EWRs & their details related to participation in monitoring of school, anganawadi, PDS, PHC, local level problems & resolutions taken collected and uploaded)
- EWRs are encouraged to take initiatives in COVID relief activities (Awareness, distribution of Food kit, mask), Organising Poshan Abhiyan programme, Celebration of important days, More than 8500 Families worked under MGNREGA and their food secured, Linking with social protection and food security schemes, Awareness on personal health and hygiene.

6. Promotion of Tree Plantation and Formation of Children Eco Club in Eight Government Schools (PPI, Seattle):

The project is implemented in 07 backward villages of Kadur taluk, Chikmagalur district, Southern Karnataka, India. The targeted villages have 1172 families out of these 375 families in 04 Panchayath are covered under this project. The project is supported by **People for Progress India, Seattle**. The project was started with the objective to Promote Tree Plantation and Formation of school children Eco Club in 8 Government Schools of 7 villages in Kadur block, Chikmagalur district Karnataka. The project was started in the month of August 2021 but due to the pandemic situation the commencement of the new academic year 2021-2022 the implementation programmes was started late by the end of September 2021.

“Awareness workshop on tree plantation for school children at Biluvala Govt school”

Key Milestones:

- 07 Eco Clubs are formed in schools and around 140 students are active members of this club, 14 teachers are monitoring the regular activities of the club and 14 SDMC members are part of this club. All of them are sensitized on importance of tree plantation especially among the new generation and elders’ role in creating awareness among the younger generation.
- 10 awareness programmes is organised on Promotion of Tree Plantation, Environment Protection and Eco Club for School children and on Promotion of Tree Plantation including Agro forestry & Agro agriculture for SHG members and Panchayath Leaders & SDMC members. 350 children, teachers, parents, SDMC members, SHG members, panchayath leaders, small and marginal farmers are sensitized on promotion of tree plantation.
- 700 Agro forestry plants, 350 Agro horticulture plants are distributed and planted in school grounds and individual house the survival rate is 85%.
- 10 nutrition gardens are promoted and school children and individual farmers are now enjoying the nutritious and fresh vegetables.
- Environment day celebration was celebrated by the Eco club members by planting trees and motivation speech regarding the importance of this day and our responsibility back to nature.

7. Farmers Producer Organisation (FPO) - NABARD:

“Outlet of Sri Annapoorneshwari FPO Products at Bengaluru Krushi Mela”

In order to increase the agriculture produce and making farmers to sell their products through their own platform, VIKASANA is implementing Farmer Producer Organization Project with the financial assistance from NABARD, Bangalore. There are 03 FPOs namely - Sri Nisarga FPO-Begur, Sri. Annapoorneshwari FPO- Koppa and Sri Sharadamba FPO- Sringeri are functioning in three blocks of Chikmagalur district of Karnataka state. The programme activities of these FPOs are well going in project villages and these FPOs are registered under the

Companies Act 1956. Training and capacity building of FPO directors and concerned team has been carried for more insight about FPO concept. Apart from training the FPOs are also focusing on equity mobilization, increase of shareholders and doing business activities such as selling of fertilizers, pesticide, aluminum ladder, tarpaulins and coffee drying mattress are going in the field.

Status of Shares mobilization of FPO:

| Sl. No. | Name of FPO | No. of Shares mobilized | Total Turnover (In INR.) | Activities Initiative |
|---------|---|-------------------------|--------------------------|---|
| 1. | Sri Annapoorneshwari Farmers Producer organization- Koppa | 535 | 35 Lakhs | Spices, Horticulture plants, Sale of Fertilizers, Distribution of Agriculture equipments. |
| 2. | Sri Sharadamba Farmers Producer organization- Shringeri | 530 | 5 Lakhs | Spices, Horticulture plants, Sale of Fertilizers, Distribution of Agriculture equipments. |
| 3. | Jenugoodu Farmers Producer organization- Begur, Tarikere Tq | 293 | - | Sales of Seeds. |

Impact of Farmer Producer Company in the community:

- 1358 small and marginal farmers have come together into common forum to support each other in marketing their agricultural products.
- Middle man exploitation has been reduced and farmers are now selling their products at profitable margin.
- Fertilizers, agricultural equipments, food processing units are now available to the small and marginal farmers at reasonable price and on time.
- Government subsidies and loans are now made easily available to the farmers.
- Opened new Pepper processing unit with marketing by Sri Annapoorneshwari FPO, Koppa.

8. Promotion of Handicrafts Design and Development Department:

In order to ensure the promotion and development of disappearing traditional handicrafts in rural villages aiming at the benefit of needy artisans community; VIKASANA is implementing a **AHVV and Non AHVV Schemes** in Chikmagalur district, Karnataka with the grant support from **office of development commissioner (Handicrafts), Mangalore**. Formation of 14 artisans groups, baseline study of 229 artisan's families, design and technical development workshop, large group discussion, development of identity cards for artisans were done by the organisation.

“CHAUPAL Programme at Lakshmipura”

During the year two programmes “CHAUPAL” was organised one at Lakshmipura Kadur Block and another at Bhadravathi, the main objective of this programme is to create a dialogue/ interaction between authorities and traditional artisan workers. Around 250 artisans participated and got the benefit of this programme.

Key Milestones:

- 53 artisans from Lakshmipura and A Rangapura applied for free tool kits distribution from Handicrafts Design and Development Department. All the applications are approved and selected under this scheme.
- 92 PEHCHAN applications from Lakshmipura, Bhadravathi and A Rangapura have been submitted for the issue of artisans ID card. 85 applications are approved.
- Linkages are created between the artisans and Handicrafts Design and Development Department for various handicraft department schemes.
- Linkages is created between the artisans and various line departments like Social Welfare, Agriculture, Women and Child and Various Line Departments under various schemes like – widow pension, scholarship, old age pension, plants and so on .

9. Formation and Strengthening of Self Help Groups:

VIKASANA has given primary importance to organise women representation in to self servicing groups. 31 New women Self Help Groups (SHGs) has been formed newly in our working area during this year. They all are functioning independently with the savings management.

“Savings and Discussion at SHG Meeting at Annigeree”

Besides, capacity building and strengthening services rendered to almost 146 formed SHGs in 81 villages and who pool their thrift regularly and use the thrift to make small interest bearing loans to members. Credits made people to receive additional money from adopted income generating programmes like Dairy, Goat /Sheep rearing, starting of self employment and even for family needs like marriages and festival celebrations. Several groups are registered and have obtained financial assistance from the Banks, NABARD RO, Sangamitra finance and Local Banks. Initiatives invited to make these groups as permanent existence in project villages for further development, sustainability of the project activities and collective action.

The total New SHGs formed and bank linkages created as on March 2021- 22:

| No. of Villages | No. of SHGs | Total members | Total savings (Rs. in Lakh) | Total Credit given (Rs. in Lakh) |
|-----------------|-------------|---------------|-----------------------------|----------------------------------|
| 45 | 75 | 1550 | 46.50 | 28.50 |

“Training on SHG Management, Book Keeping and Loan Management at Heregarji”

“Training on Primary Health Care, RCH, MCH and Nutritional Security”

10. Income Generation Program (IGP) & Entrepreneurship Development:

To sustain the rural livelihood and to ensure self employment habits among the rural communities, VIKASANA has been supporting and encouraging towards income generation and entrepreneurship management activities for **1245** poor and low income families living in 25 backward villages of Kadur block, 26 villages in Koppa and Sringeri and 10 villages in Tarikere block. Through this intervention of Vikasana many families are earning an additional income in their family which is contributing to the financial stability of the families. One person in the family is full time self employed and the entire family migration has been reduced as a result of which children are able to attend their regular schools.

“Tailoring – Self employment after four months free Tailoring training”

Training and capacity building program on income generation programme, entrepreneurship development, marketing, networking, book keeping, account maintenance and strengthening leadership skills provided to the people. The intrusion provided additional income to rural families and relieved them from the clutches of local money lenders. Average additional family income was recorded between INR.1500 to INR. 4500 per income generating programme for each family.

Status of income generation programme initiated from 2021 to 2022:

| Income generation activity | No. of Beneficiaries |
|-------------------------------------|----------------------|
| Dairy development (cow) | 07 |
| Sheep/goat raring | 15 |
| Chicks raring (Poultry development) | 26 units |
| Small business/ Petty shops | 01 |
| Tailoring Training | 20 |
| Computer Training | 20 |

Impact of IGP & Entrepreneurship development Project in the community:

- 135 landless families enhanced their livelihood through IGP and increased their annual household incomes by 25% up to 17500/- on average.
- 160 youths from landless have successfully completed course training and learnt employment skills (i.e. tailoring, computer, driving, repair).
- Improved livelihood i.e. 230 families where one members migrates for earning income and rest are self employed in their own village.
- Depending on money lenders at high rate of interest have been reduced by 25% and people are self independent their regular financial requirements.
- Financial status of Women and youths has improved and are now self employed and are earning for their living and house hold expenses.

11. Promotion of Herbal Medicines:

Vikasana has been promoting herbal medicines and encouraging the traditional medicines among the communities. We still extended our efforts to encourage the practices of traditional/herbal medicines to control dependency on high cost English medicines in project villages. The key activities such as awareness generation, exhibition on herbal medicine, identification of local Nativaidyaru (Traditional doctors) and medicinal services were benefited to 150 people from KKS supported Food security project. Still the rural nativaidyaru have rendered services to large number of people who victim of disease either from cough, cold, gastric and many others. Besides, herbal garden development and maintenance as well as conservation of medicinal plants were other key crucial areas focused.

“Promotion of traditional method of medicine – Training Programme at V Yaradakere”

Still the rural nativaidyaru have rendered services to large number of people who victim of disease either from cough, cold, gastric and many others. Besides, herbal garden development and maintenance as well as conservation of medicinal plants were other key crucial areas focused.

Achievements:

- In total 04 trainings were called in working villages focusing on preparation and applying traditional medicine, evidence was given to take care on treatment and observe regularly.
- 04 Herbal medicine exhibitions organized and 87 beneficiaries such as SHGs member and traditional practitioner have clearly understood herbal medicine for various diseases.
- 35 Representatives from different organization have updated their knowledge on preparation of herbal medicines followed by a course training and engaged with experimenting learns from training
- Information provided not only medicines for human diseases but also to livestock
- A hand book on herbal medicine with content of information regarding practice of Herbal medicines was shared with trainees.

Impact of Promotion of Herbal Medicines Programme to the community:

- 150 traditional practitioners and SHG women who are interested in medicine are now trained to prepare medicines cold, acidity, ring warm, pain bam / pain killers, cold cream, kashaya, skin deceases, fever, headache and so by themselves.
- More than 650 medicinal plants are been distributed and 85% of these are survived and are used effectively.
- Dependent on English medicines and consulting doctors for regular small illness has been reduced by 50%.
- 30% of the trained traditional doctors and SHG women have shared this knowledge with others.

Other Activities of the Organization:

a. Food grains distribution by Food and Citizen Supply Department, Karnataka:

VIKASANA is receiving food grains by food and citizen supply department under Kalyana Samsthe Yojane (Welfare organisation project) from central government since 2016. For the welfare of children, every month the food department is distributing 10 kg rice and 5 kg wheat to each child staying at VIKASANA children bridge school, K. Chattanahalli and Duglapura. This was benefited and enabled VIKASANA organisation to supply adequate quality and quantity of food supply for the needy children. The support from the food department throughout the year has benefited the organisation to provide quality food to our children. We appreciate your support and expect you further support to serve the needy children.

Details of Food grains received from the department:

| Sl. No. | Children Center | Duration | Total Quantity of Food Grains Received (In Quintals) | | Total Number of Children (In Numbers) | |
|--------------|---|--------------------------|--|--------------|---------------------------------------|------------|
| | | | Rice | Wheat | Boys | Girls |
| 01 | Vikasana Children Center K. Chattanahalli | April 2021 to March 2022 | 22.9 | 11.45 | 00 | 236 |
| 02 | Vikasana Children Center Duglapura | April 2021 to March 2022 | 13.9 | 6.95 | 149 | 00 |
| TOTAL | | 12 Months | 35.8 | 18.40 | 149 | 236 |

b. Student Internship and Field Immersion Programme:

Vikasana has been supporting various education departments (Agriculture, Social Work development, UP and PG students of various departments) in ensuring field experience, organisation functioning, social issues, social system, agriculture practices, and various community development activities. This year we receive four batches of students from four different institutions from India and Outside India. We hosted two Final year BSW student of School of

“Visit to Modern Honey Processing Plant by Students from Azim Premji University, Bengaluru”

Social Work, Marian College Kuttikkanam (Autonomous), Kerala for a period of 27 days, 07 First year MA Development student of Azim Premji University, Bengaluru for a period of 10 days, 30 Students from Government First Grade College Uppinagadi, Dakshina Karnataka, One Student from TESIS, London and another Student from OWIS Singapore for a period of 10 days. During their stay they were introduced to organisation structure, objectives, various development activities, social issues, discussion with community, understanding the rural village and so.

c. Financial Support by BEFC, Bangalore:

Birur Education Foundation for Children (BEFC), Bangalore has been supporting our children center since 2007. They have been supporting financially for the infrastructure development, purchase of study materials, audio visual learning materials, and teachers training programmes, science exhibition, books and bags for the children, orientation of space science, robotic classes and so. Their support to our children center will be remembered always. This year BEFC has financially support of Rs.1,00,000.00 to our Duglapura children center for the infrastructure development (Kitchen renovation). We appreciate the constant support of Birur Education Foundation for Children and a special thanks to Mr. B C S Kumar and Dr. Gajanna Birur.

d. Food grains support by MCKS Food for the Hungry Foundation Karnataka, Bengaluru:

During the year Vikasana received food grains support from MCKS Food for the Hungry Foundation Karnataka, Bengaluru. We take this opportunity to express our regards for the support received from MCKS Food for the Hungry Foundation Karnataka to our children's center (K Chattrahalli and Duglapura). We appreciate your donation of 40 bags of Ragi totalling 2000kgs. This will be used as nutritious food for our children in both the children's centers. This will serve our staple needs for all the inmates (totalling 65) for the next 18 months. Thank you once again for your extended support to our children's center.

e. Staff Capacity Building training through webinar, KKID Coimbatore:

Karl Kübel Institute for Development Education [KKID], Coimbatore, Tamil Nadu, a training institute is facilitates to strengthen NGOs and nourish human resources for development of individuals for life. In assistance with KKID, staff members of VIKASANA have undergone many training programme by which upgraded their knowledge which contributing towards organization and individual development.

Details of trainings attended in 2021-2022

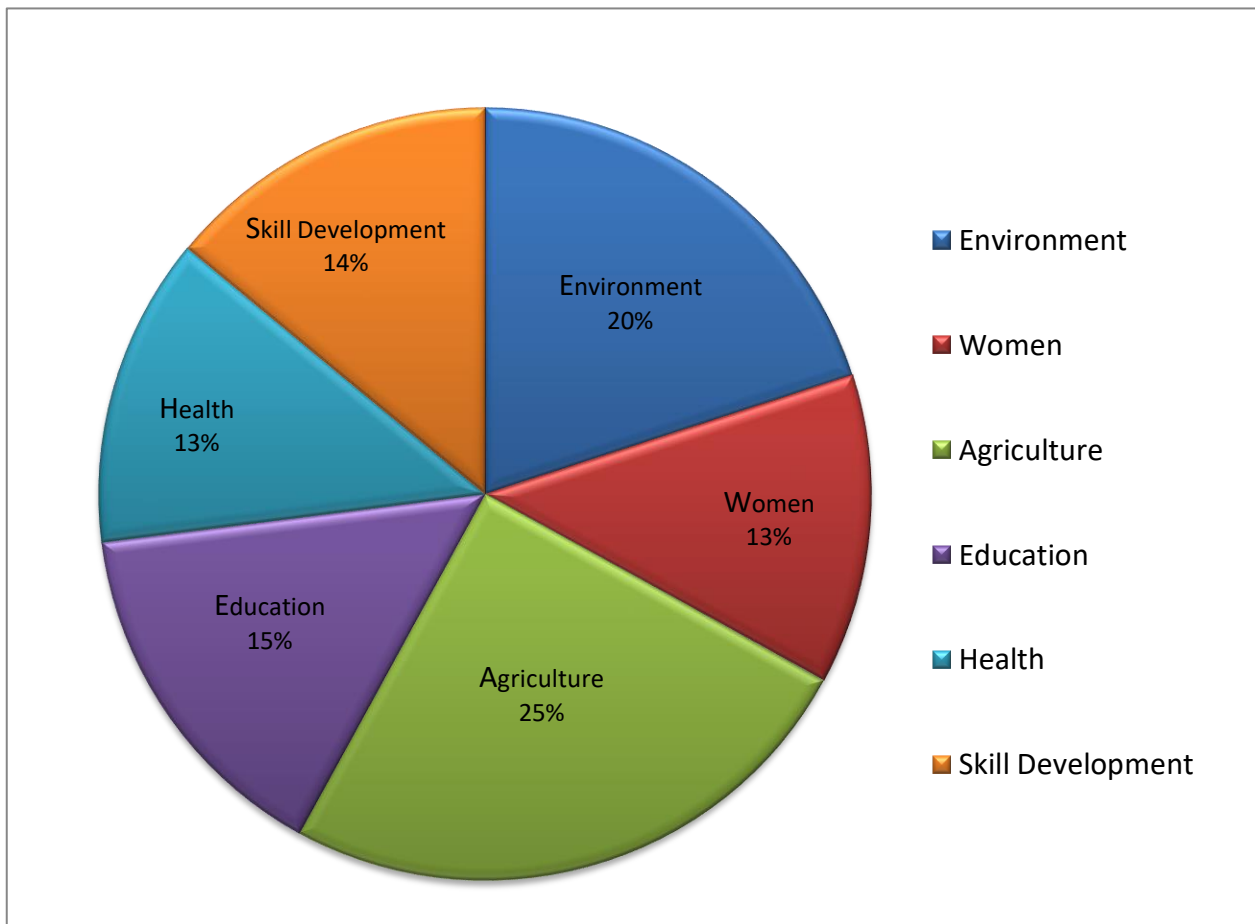

| Name of the training | Webinar | No. of days | Name of Participant |
|--|---------|-------------|--------------------------|
| Organic Farming is Fare more than just Leaving out Chemicals | Online | 01 | Mr. Varghees Cleatas A M |
| Finance for Non- finance Executives | Online | 02 | Mr. Varghees Cleatas A M |
| Resource mobilization and Sustainable Management | Online | 01 | Mrs. Meghana S |

f. Networking of NGOs:

VIKASANA is in the forefront of networking of NGOs in the state. VIKASANA has made the organization familiar with the networking system. It has been leading several small NGOs and networks in and around Chikamagalur district and Karnataka state. It has its added credibility of being one of active and supportive NGO in Campaign against Child Labour – Karnataka (CACL–K) and FEVORD-K. It has also hosted few major state and district events that were aimed at bringing as many as NGOs and individuals to strengthen the movement of grassroots development activities.

VIKASANA has been instrumental in taking up Campaigns and networking on Child Labour in the district and the state, had taken up cases against child labour in Chikamagalur district. The organization is extending its support for the change in the policy to care for the weaker sections of the society and joining hands with the government in the development process. On several occasion the organization had taken strong decisions against some of locally instigated mischief by the vested interests. It is evident from the statement of local community that VIKASANA had to face challenges to the welfare of the women and downtrodden and convinced the people and the society that the organization is going in the right direction of development process.

Details of fund utilization for the year 2021-22

Impact Success Stories through the intervention of VIKASANA:

1. Impact –Oriented Success Story – Bridge School Children Center

PERSONAL DETAILS

Name : Ms. Hemavathi H N (20 Years)
 Father : Mr. Hanumanthappa
 Mother : Mrs. Yashodhamma
 Village : N G Koppalu
 Education : B A (Bachelor of Arts),
 Qualification : Under Graduation
 : Kuvempu University,
 Shankaraghatta
 Religion/ Caste : Telugu Gowda
 Family Occupation : Agriculture / Daily Labour

“Participating in College Event at Kuvempu University”

Background:

Ms. Hemavathi is the first child of her parents and she has a brother and his name is Maruthi. They have 2 acres of dry land and they do cultivation during the agriculture season. They migrate to coffee plantation and other daily wage labour work to feed their family when there is no agriculture work. Due to economical problem and illiterate parents she was dropped the school and pushed to working in the brick line.

The situation of Hemavathi was noticed by VIKASANA staff. As a result, she was rescued from the brick line in the year 2012. She joined VIKASANA when she was 5th standard and studied up to 10th standard. She scored 489 out of 625 in SSLC examination. Later She was joined Government Pre University College in Kadur and completed her +2 with 534 marks out of 600. Presently she is pursuing Bachelor of Arts (B.A) graduation in Kuvempu University (Third Year – 5th Semester and she scored 80%)

She is a good dancer, leader and very ambitious. She actively participated in the National level Robotic Competition when she was in 9th standard. She also received award from Kannada Sahithya Sangha Tarikere for scoring 124 marks out of 125 in Kannada subject in the SSLC examination. Now she is happily continuing her graduation and have dream to complete her post graduation and find suitable job. Hemavathi expressed her sincere gratitude to VIKASANA, KKS, Germany and Anna Schmidt School for given all the support do her education.

2. Impact –Oriented Success Story – COVID Vaccination Drive in 13 PHC of Three Blocks in Chikamagalur District:

| | | |
|--|---|--|
| Name of the PHC | : | Gadihalli PHC |
| Block | : | Ajjampura |
| Sub Center | : | Garagadahalli |
| Village | : | Arabala Gollarahatti |
| Age | : | All age group (from 20 to 60+ age category) |
| Case Story on | : | Jatha, Awareness on vaccination and Vaccination Camp |
| Overall Covered Target people Vaccinated | : | 80% |

“Awareness on COVID Vaccination and Jatha with the support of school Children”

Background:

Arabala Gollarahatti is a remote village in Garagadahalli Sub-center of Gadihalli PHC with a habitation of 85 families and 636 populations. People in this village mostly belong to lambani community, this a remote area were there is no transportation facility and people here are mostly daily labours and consumption of alcohol is very high among this community. The Health department and the Asha had faced lot of challenges in motivating people for vaccination, they even were chased from the village and had to listen to filthy language from people. Out of 374 eligible populations for vaccination i.e. 18+ only 100 people of this village were vaccinated by the Health department. The health team expressed that they have been facing problem in vaccinating people and requested the support in sensitizing people for vaccination.

Vikasana team identified this village as Hard to Reach Area and identified a community volunteer from the same village to get the local support in sensitizing the people towards vaccination. After several home visits and counselling in the Month of November 2021 Vikasana team organised a special camp at this village were the entire Vikasana vaccination team, The chairman of Vikasana, Panchayath leaders, PDO and Sate Vaccination team took part in this event.

An awareness programme along with Jatha with the help of School and Children was initiated to create awareness among the people in the village. We went on door to door for vaccination and motivated people from age category 18 to 102 years all of them were vaccinated, later we also went to the tomato farm were people from the same village were working in the tomato yard. On this day around 95 people were vaccinated successfully from the same village. This was one of the initial achievements of the vaccination drive in Ajjampura block.

Similar to this intervention Vikasana team (PHC Coordinators and Community Volunteers) has extended their support in identifying the hard to reach area based on lack of transportation facility, less percentage of people being vaccinated, high number of due list. The team has organised around 479 special camps in hard to reach areas and has been successfully vaccinated more than 40000+ individual through its intervntion in organising special camps.

VISITORS TO VIKASANA:
